

Putin's on the blitz!
Jack McCourt – April 2020

Putin's up to his old tricks
Vlad will impale and then transfix
cyber spying from Red square
muscling without a care.

Dachas and lots of rubles
no need for truth or scruples
cashing in for the win
even better with a grin.

Putin lives to exercise his muscle
His tactics always lead to a big tussle (hustle-bustle)

Now if you fly
the once safe European skies
Avoid Russian jets with S splits
Cause Putin's on the blitz!

Oil prices in the dirt
as Saudis and Russian's flirt
With values down, giving markets fits
Cause Putin's on the blitz!

Putin lives to exercise his muscle

His tactics always lead to a big tussle (hustle-bustle)

Let's form a coalition
with a common mission
Adopt new embargos, outwit as time permits
Cause Putin's on the blitz!

And if Putin opts for the block
With some Russian Novichok
Spice his tea with a hemlock spritz
And put Putin on the fritz.
