

When the Quds, qudn't! (or....The gang that qudn't shoot straight!)

Sung by The Heaven's Trio (Father, Son & the Holy Spirit)

Jack McCourt – September 2020

These are the times that try men's souls
In the course of our nation's history the people of the United States have
rallied bravely whenever the rights of American's have been threatened

Today a new crisis has arisen
Islamic Revolutionary Guards Corps better known as the IRGC and
especially the core elite Quds

Are attempting to levy terror on the world population in the form of
unchecked killing and destruction

Citizens, hear me out, ***we won't let that happen to you!***

Now, let me tell you the story of the thug Soleimani
How on a splendidly fateful day
He put ten rials in his pocket, boarded a Suburban SUV
And then promptly got blown away

Well, will he ever return?
No he will never return, and his fate is to always burn (what a pity)
He may ride forever on the highways of Hell
But he's the killer who will never return

Qassem landed one night at the Baghdad airport

After plotting in Syria

He planned to kill military just for the sport

American soldiers the sole criteria

But, will he ever return?

No he will never return, and his soul will forever churn (poor old Qassem)

He will squeal forever in the flames with Satan

But, he's the scum who will never return

Trump made his decision after careful consideration

And its subsequent consequence

Ordering the Pentagon to put a **Reaper** on-station

After conferring with the VP, Mike Pence

But, will he ever return?

No, he will never return, and his legacy will always be spurned (just like

Khomeini)

He will char forever like pork barbeque

This pig exiled to an eternal burn

Now the Dems hands are wringing, and their teeth are a gnashing

'Cause they were kept out of the loop

But don't forget Obama's airstrikes that he sent in smashing

And the Congress he had always duped

But, will he ever return?

No, he will never return, with a JDAM wedged up his stern (it's there
forever)

He will search in hell for his 72 virgins

How fitting that they all will be male

Now, you citizens of the US, don't you think it apropos

That we choose to respond this way?

Call it payback for Karbala or his support for Hezbollah

But, we just had to make this killer pay

So, he will never return

No, he'll never return, put his ashes in a Folgers urn (just like Donny)

He'll be used as compost on the White House lawn

He's simply guano kept in a Folgers urn (until he isn't)

He's the killer who will never return

He's the thug who will eternally burn

Bonne nuit, Qassem!
