

Reserve unit that supports the Navy Supply Center in San Diego. **Chris Grael** flies 737s out of Philadelphia as a first officer with USAir; he also flies A-4s in the Reserve with VFC-12, the East Coast aggressor squadron. Chris and his wife Jo Anne live in Chesapeake, Virginia, with their four-year-old daughter, Carissa, who is a TV star in her own right, doing commercials out of New York City. She currently has a nationwide ad for Tylenol called "Carissa—3 a.m." Joan and **Bill Glenny** still live in Gales Ferry, Connecticut, with their two children, Billy and Elizabeth. Bill works for Sonalysts, and is still active in the Reserve; he is also working on a Ph.D. in Soviet Relations.

I received a short note from **Chuck Dirienzo**, who volunteered to be 11th company rep. Chuck is a district sales manager in Raleigh, North Carolina, for Palm Harbor Homes, a manufactured housing company. Chuck also said that he spoke to **Brad Clark**; Brad, Cheri and the kids are all well and living in California.

Audrey Beth DiLucente wrote to tell me that she had the privilege of swearing Dennis into the Naval Reserve as a LCdr. It's hard to believe that Dennis could become a sailor, but he's happy to be back into flying—qualifying in the F-14 at Miramar. Dennis is also a full-time student at the University of California at Santa Barbara.

That's all I have to pass on this month—let me hear from you. **Joe**.

Shipmates, there is not much news to report this month. I guess Norfolk's recent near record breaking snowfall held up all of your newsworthy mail. Being the optimistic one, all I can say is better luck next time! The only major outstanding item is our Class elections. The next milestone is the closeout of nominations on 1 May. For those of you who did not receive the April issue I've included the essential portions below.

There are a couple of options available to us. This first is to revise the time table and the second is to appoint Class officers. I prefer to go with the first option since it will permit greater Class participation. I have included with the new schedule a reprint from the December issue on the basic nomination requirements.

1 May 1989, Nominations close out and are forwarded to the Alumni Assoc.

1 June 1989, Mailing of ballots commences.

15 July 1989, Final day of election. Votes counted and results announced.

1 September 1989, Results of election appear in September issue of *Shipmate*.

The first hurdle that we must make is the gathering of nominees for the offices of President, Executive Vice-President, Secretary and Treasurer. Nominations are to be made for these offices and forwarded to me no later than 1 May 1989.

In accordance with our by-laws, those nominated for President must have a written petition of 25 Class members. If 25 Class members nominate the same individual for President, I will compile those nominations into the form of a petition. Of course, I will also accept a petition with 25 signatures on it. Nominations for Executive Vice-President, Secretary and Treasurer only require single nomination. Nominations need no second and can be made by the individual.

As an added note to the above. Don't let the 25 votes dissuade you. Send in your nomination.

Until next month, happy trails, **Bill**.

Welcome to Spring!

There is a lot happening right now so pay attention. If you know of anybody that is not on the *Shipmate* mailing list, please contact them about our Homecoming plans. If you are reading this and have not seen a mailer concerning the agenda for the weekend, write or call me right away.

There should be a picture, suitable for tearing out of this magazine and framing, of **Mike Van Horn** and his soon to be bride, Lori Morgan. The wedding will be in September but no news on where or if we are invited. I saw Mike at a UVA party held at Anne-Ferrell and **Bob Tata's** house. Mike is completing a master's in foreign affairs and specializing on the Soviet Union and Middle East. Mike is in the Reserve Navy and just became a LCdr. Lori is a pediatrician and will be going into the Air Force after her residency. **Ivan Pierce** is on USS CAYUGA out of Long Beach and I heard he is in our Class but didn't join the Navy until 1988. Someone please tell me what is the story? **Stephen Squires** is tearing it up on the USS VINSON out of Alameda, California. He won the Golden Tailhook Award last year. **Bob Wilson**, better known as Herb, is still flying out of Miramar and rumor has it that even the wilds of Kenya will not keep him from a future altar date. **Jack Holt** is in Japan and **Erik Doyle** is still in the Corps in the swamps of Camp Lejeune.

Bob Newman and Jill sent me Jack and Gabi Kasiski's phone number so let's call them . . . Gabi tells me that John's in second grade and life is cruising along. Jan and **Jack Stumbourg** should be parents again by now.

So short and sweet but that is all the info I have now. With people sending in their notes on attending Homecoming, next month will probably have more. One last note, **Don Quinn** is headed to the Naval War College in Newport. Enjoy, **Larry K**.

Greetings '81

Well, I hope you're all prepared to settle in for a long column. Last month, as usual, I was butting up against my deadline, so I have a few carry-overs that did not quite make it to pass on to you. All is well out here in San Diego. I can tell Carol and I have been here a while, as I'm now on my third Skipper since arriving at HC-3. And I must admit I'm starting to feel old when students are checking in wearing their Wings of Gold and rings from the Class of '87. Oh well, enough philosophizing and on to this (and last) month's news.

First and foremost, Mary and **Dan Quattrini** are our newest parents. Katherine Grace was born on 19 January. The photo shows proud pappa Dan and his new sweetheart. Congrats to the Quatts!

Dan with daughter

Summer Olympians

I received a letter and this picture from our Classmate **Dan Lyons**. Pictured are the athletes from the Naval Academy who participated in the 1988 Summer Olympics at Seoul, Korea: (left to right): Brian Ledbetter '85 (sailing), Greg Montesi '82 (rowing, quad), David Robinson '87 (basketball), John Walters '85 (rowing, fours) and Dan. Dan competed in the pairs with coxswain competition. This picture was taken at the opening ceremonies just before leaving for the stadium. Dan entered Villanova this past January to complete his Master's in History. In May he will return to Oxford, England to finish his degree there. Dan finished his rowing career with 14 National Championships, one World Championship gold, two World Championship bronze and one Pan American gold medal. Dan also passed on that **Steve Colon** is also in Philadelphia. Steve is out of the Navy and in his first semester at Wharton Business School working on his MBA. Thanks for the news Dan and congratulations on a terrific rowing career.

Bill Johnson wrote from Lemoore to report his son Christopher William was born on 28 March '88. Bill is instructing in the A-7 at VA-122 and also working TAD at the Strike Fighter Weapons School, Pacific along with **Chris Boblit**. Lori and Chris were expecting their first child in December. Also at Strike is **Greg Nosal**. The Nosals are expecting number two this Spring. Bill also reported that **Randy Zajic** was
